

# Is Business Etiquette still relevant today?

**Reader:** *Attomiana explains why business etiquette is a vital skill for your career success*

## **How do you improve your skills?**

Whether it's social graces like greeting the customer, say hello, bring glasses, or bring your business in proper etiquette or manners. There are so many business skills that you can't learn from a book. You need to be a professional and have a comprehensive skill set. Although there are many ways to improve your skills, the best way is to be a professional.
